Deployment Note: Perspective client is deployed as a ClickOnce application, launched from Internet Explorer®; it has a zero client footprint and does not require administrative rights to launch. Refer to last page for more details on ClickOnce.

Network Note: If single sign-on authentication or add from Active Directory® is used, the Active Directory® Services must be enabled on the Perspective Web Server.

DTC Note: Perspective Integration Services requires the Microsoft® Distributed Transaction Coordinator (DTC) service to be installed and enabled on the Internet Information Services (IIS) for Windows® Web Server and the Microsoft® SQL Server® for Perspective.

¹ This requirement only applies if using the Visual Analysis component.

² This requirement only applies to Perspective Focal Point.

³ These requirements are for systems with 5 to 25 users. For Perspective systems with more than 25 users, please contact your PPM account manager for a specific assessment of your needs.

⁴ Depending on the size of your Perspective database, more disk space may be required for Perspective Focal Point and the Workflow component.

⁵ The net.tcp binding only required if using Dispatching (included with Perspective SOC and Perspective EIM).

⁶ This requirement only applies to Perspective Focal Point. A limited QlikView™ Server license is included with Focal Point.
