Change Your Password

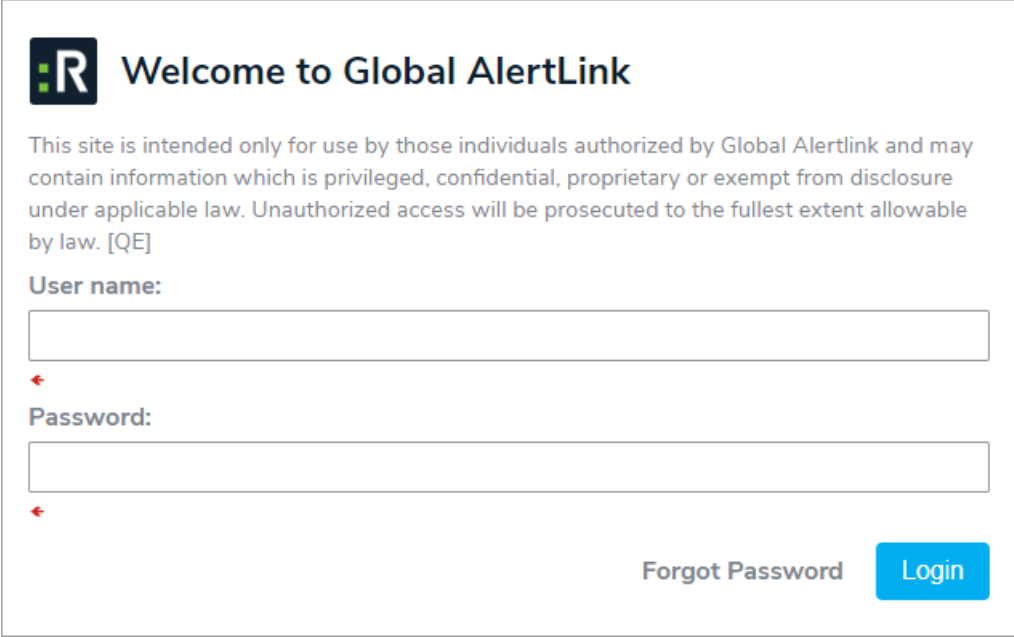

1. To change your password, log into GAL.
2. Click your initials in the top-right of the page.

3. Click Change Password.
4. Enter your current password in the Current Password field.
5. Enter your new password in the New Password and Repeat Password fields. Your new password must be at least 7 characters long and contain at least 1 non-alphanumeric character.
6. Click Save.

Password Recovery

1. If you forget your password, click the Forgot Password link on the login page.

The image shows a login page for Global AlertLink. At the top left is a logo consisting of a stylized 'R' with two small green squares to its left. To the right of the logo is the text 'Welcome to Global AlertLink'. Below this is a paragraph of text: 'This site is intended only for use by those individuals authorized by Global Alertlink and may contain information which is privileged, confidential, proprietary or exempt from disclosure under applicable law. Unauthorized access will be prosecuted to the fullest extent allowable by law. [QE]'. Below the text are two input fields. The first is labeled 'User name:' and has a red arrow pointing to it. The second is labeled 'Password:' and also has a red arrow pointing to it. At the bottom right of the form are two links: 'Forgot Password' and a blue button labeled 'Login'.

2. Enter your user name.
3. Click Change Password. A temporary password will be sent to the email address associated with the account.
